

Last chance on Bordeaux 2009

For the very first time Wine Cellar will be shipping an entire refrigerated container packed with fine 2009s directly from Bordeaux into Cape Town. Such was the interest in this great vintage that almost all our stocks were sold out *en-primeur!* So here is your **last chance** to grab this fine vintage just before they are released.

Why buy more Bordeaux 2009? This is the sexiest, most forward and yet balanced and concentrated vintage ever! The lower level wines are **already delicious**, with silky-soft tannins and concentration for further development. There are terrific **values**, even below the R200 level; Belle-Vue, Lanessan, Teyssier for example.

And in such a vintage, the **second wines** of the top chateaux are also highly attractive. Many chateaux have decreased the quantity of their *Grand vin*, favouring the quality of their second wines. Second wines from Pontet Canet, Pichon Lalande, Montrose, Lagrange and Calon Segur are available.

Other highlights include wines from the Delon family of Leoville Las Cases. **Potensac** and **Clos du Marquis** are classically styled, long-aging and arguably the finest wines outside the 1855 Medoc classification. The Bories of Ducru Beaucaillou produce the great value **Lalande Borie** and finally **Troquoy Lalande** is owned and produced by the team at Montrose.
